

Valerie Summer Massage

Dear friends and clients,

Everyone loves getting a Gift Certificate from your favorite LMT. Occasionally, people buy them for someone who they hope will get their first massage and share their enthusiasm for bodywork.

Jean and I have been considering how Gift Certificate sales fit into our business. We both are booking well out into the future, which is not welcome news when a new person calls to redeem their GC.

We have decided to no longer sell them at the desk at Nature's Storehouse. We are SO grateful for this service that Nature's staff has provided for us over these past.....27! years.

Jean and I will each continue to offer Gift Certificates, but we will sell them directly to you. This can be a little harder to arrange, so we apologize for that.

If you are looking for ways to buy GC's online from other North Country therapists, you can find them on the Recommendations page.

Wishing you all the best, and good health to enjoy a beautiful summer!

Valerie
